# **54<sup>th</sup> Jamboree-On-The-Air (JOTA) cum 15<sup>th</sup> Jamboree-On-The-Internet (JOTI)**

**~Peace, Environment and Nature Disasters~**

**15 - 16 October 2011**

## **Substation Registration**

To promote connections among scout members through communication technologies, Regions, Districts and Scout Groups are encouraged to set up their own JOTA-JOTI substations so that their members may participate the event at their own venues.

Units may organize JOTA-JOTI activities at their own venues without registration. Nonetheless, registered substations will receive the following supports from the Association Headquarters (AHQ):

- Latest international news and updates on JOTA-JOTI, directly from the Organiser
- Early subscription of JOTA-JOTI souvenir badges, provision of certificates of participation and substation souvenirs for distribution on JOTA-JOTI days by AHQ
- Provision of Staff Badge and Certificate of Appreciation
- Activities updates will be posted at <http://www.jota-hk.org> for promotion

To register as a substation, scout units should fulfill the following criteria:

- They must be a scout unit recognized by AHQ and will NOT participate in any of the JOTA-JOTI activities held in AHQ
- Organize at least 3 hours of telecommunication-related activities during the 2-day JOTA-JOTI event
- The substation's activities should NOT be a part of the unit's own function/ programme (e.g. Group Anniversary Celebration)
- Submit a brief report with at least 10 photographs after the event
- Establish connection with AHQ by at least 2 of the following channels:
  - ✧ Amateur Radio
  - ✧ Scoutlink IRC / Teamspeak / Twitter / Plurk / Facebook
  - ✧ Conduct video conference with AHQ, or email a video to the web of Scout TV Online

Interested units please register at <http://www.jota-hk.org> from 5 to 23 September 2011. Units being accepted as substations will be confirmed by email.
