

Circular Alert Service

This circular supersedes Information Technology Circular No. 01/2002.

To promote the use of Internet for information browsing and keep all scout members informed of the latest circulars, the Circular Alert Service has been expanded to all uniform members, lay members and scout groups to apply. Please simply complete Form IT02/03 and send to webmaster@scout.org.hk by email or fax to 2302 1001.

For members who are now receiving monthly circulars by post and interested in registering for the Circular Alert Service, please select whether continue to receive the monthly circular by post or not in the form. To support environmental protection and reduce postage, the Association encourages members to use electronic information services.
