

Training Management System

In the digital age, the number of people using online service is increasing. Training Management System is an online portal developed by Scout Association of Hong Kong. It aims to provide a convenient and effective online platform for applicants to enrol leader training courses and workshops as well as to make payment online which enhance flexibility and time-saving for enrolment.

You may find details of the WoodBadge courses and workshops organized by Training Branch and all regions in the Training Management System. Welcome to visit and/or enrol through the Training Management System: <https://tms.scout.org.hk/member/home>. For more information of the Training Management System, please refer to the [Training Management System User Guide](#).

For enquiries, please contact staff of Training Branch (Tel : 2957 6436) or Training Officers of regions.
