

Youth Membership Registration

Currently, information of adult members is collected by individual Units and submitted to the Association headquarters for management and record in the “Scout Membership Information System”. As for youth members, their information is collected and kept by individual Scout Groups and the Association headquarters will obtain such information from the Scout Group concerned for use as necessary.

In accordance with the guidance of World Organization of the Scout Movement and also the resolution of the Chief Commissioner’s Council, the Association shall register, at its headquarters, a full and complete set of information of both its adult and youth members so as to centrally manage and process the membership information and to facilitate communication with its members, to process applications for training activities and programmes, to analyze membership data for optimizing training/ activity/ development strategies, etc. For the purpose, the Association will now collect all necessary information of the youth members through the Scout Groups. In this connection, a unique Scout ID Number will be assigned to each youth member for handling all his/her Scouting related matters. Starting from 1 April 2019, the Scout ID Number will completely replace the current Scout Record Book Number.

To gear towards this membership administration arrangement, the Association has developed a “Youth Membership Information System (YMIS)” for registration and management of the youth member information at the headquarters. This online system (website: <https://ymis.scout.org.hk>) is equipped with additional functions for use by Scout Groups to facilitate their daily operations, viz. production of Scouting records of youth member, recording the progression of progressive awards and preparing different pre-set reports for use. The system is also under further development for allowing Scout Groups to create tailor-made reports to fit individual operation needs.

Scout Groups can use the attached letter template and “Youth Membership Application/ Registration Form (Form Y01)” to collect information from youth members and/ or their parents/ guardians. Administration Branch of the Association will deliver by mail the user account and password information to Group Scout Leader/ Group Scouter-in-Charge in October 2018 while the YMIS User Manual can be downloaded from the aforesaid website. Scout Groups can commence the youth membership registration starting from November 2018 and registration for all their current youth members shall be completed on or before 28 February 2019.

Youth membership registration for Extension Scout Groups will be implemented in the next phase. The Association will inform the Scout Groups concerned of the arrangement in due course.

From mid-October 2018 onwards, briefing sessions on the YMIS, including its functions and workflows, will be conducted as per the following schedules:-
