

## **Development of Sea Scout / Air Scout and Sea Activities / Air Activities Policy**

This circular sets out the direction for the development of Sea Scout / Air Scout and Sea Activities / Air Activities and the corresponding arrangement.

The Association is putting in place the sustainable development of Sea Scout / Air Scout and Sea Activities / Air Activities. Under the principles of supplementing and complementing one another, specialization and popularity, a comprehensive collaborative strategy and development path for the Scout, Sea Scout, Air Scout as well as Sea Activities and Air Activities are to be established so as to strengthen the image of Scouting.

In addition to the continued promotion of accessible Sea Activities / Air Activities, the basic requirements on Sea Scout / Air Scout units and relevant chapters in Sectional Training Schemes will be enhanced in a gradual and progressive manner. Updates on content and criteria that are specific to the training and activity modes of Sea Scout / Air Scout will also be made from time to time as appropriate.

The Association will also set up corresponding plans for coordinating support services for manpower resources, leader qualifications, facilities / apparatus, finance resources and project implementation.

Programme Branch will continue to work in collaboration with all other Branches, Regions, Districts and related units, as well as Sea Scout / Air Scout units to promote the above related work so as to fully implement this policy.
