

Uniform Jacket

As stipulated in the Uniform Policy of the Association, Scout members may wear Uniform Sweaters, one of the Uniform Clothing Items, according to their physical constitution or weather conditions. In order to better the functionality of the outerwear, the Association targets to launch in the fourth quarter of 2023 a newly designed multi-functional Uniform Jacket to replace the Uniform Sweater. For uniformity, this new Uniform Jacket will be a standard part of the Scout uniform for all Scout members (except Grasshopper Scouts).

Scout members are allowed to wear the Uniform Sweaters until 6 months after the official launch of Uniform Jacket.
