Scout Shop Circular No 02/2021

15 March 2021

Extension of Online Shop Purchase Concessionary Arrangements

In view of the epidemic situation, the Scout Shop has not only strengthened the anti-epidemic measures and implemented crowd management at shops, but also offered concessionary purchase arrangements at online shop (www.hkscoutshop.org.hk) since 15 October 2020. Customers can purchase scout uniform and other items online and choose delivery service or self-pickup at Main Shop. Such arrangements are well received and followed by our customers. Considering the sustained epidemic situation, the Scout Shop will further extend the following arrangements for shopping at online shop to **31 December 2021**:

1. Minimum order amount reduced to HK\$200
2. Local delivery charge for the 1st kilogram reduced to HK\$30*

Scout Groups going for **group purchases** can order, apart from through Online Shop, by email to scoutshop@scout.org.hk or by fax to 2377 2729. In placing orders, information like Scout Group number, contact person and phone number, product name/size/colour/quantity as well as the choice of delivery service/self-pickup should be provided. The Scout Shop will get back to the Scout Group on the stock availability and payment arrangement, and can provide price quotation upon request.

Thank you again for your support to the above arrangements. Let's act together to fight the virus! For enquiries, please contact our staff at 2957 6444.
