

## Go Hiking

Scout Movement emphasizes on the development of interactions with nature. By outdoor activities in natural environment, members would equip with different wilderness living skills and strengthen mental and physical health, leading to the moral, intellectual, physical, social and aesthetic development. “Go Hiking” Campaign has been launched since 2014 for encouraging our members to enjoy the nature. Till now, about 9,000 scouts have completed hiking trips under the Campaign.

More routes will be introduced under the Campaign. All members can form teams to follow the suitable hiking routes in the Campaign according to their own interests and abilities, or join the hiking events under Go Hiking Campaign organized by the Branch in future.

All participants could obtain a hiking stick medallion which is specifically designed for each route, after the trip completion following with simple reporting steps (Please refer the details in the following section). It is time to act and Go Hiking now!
